

We work ensure a safer internet experience for everyone

Cyber Harassment

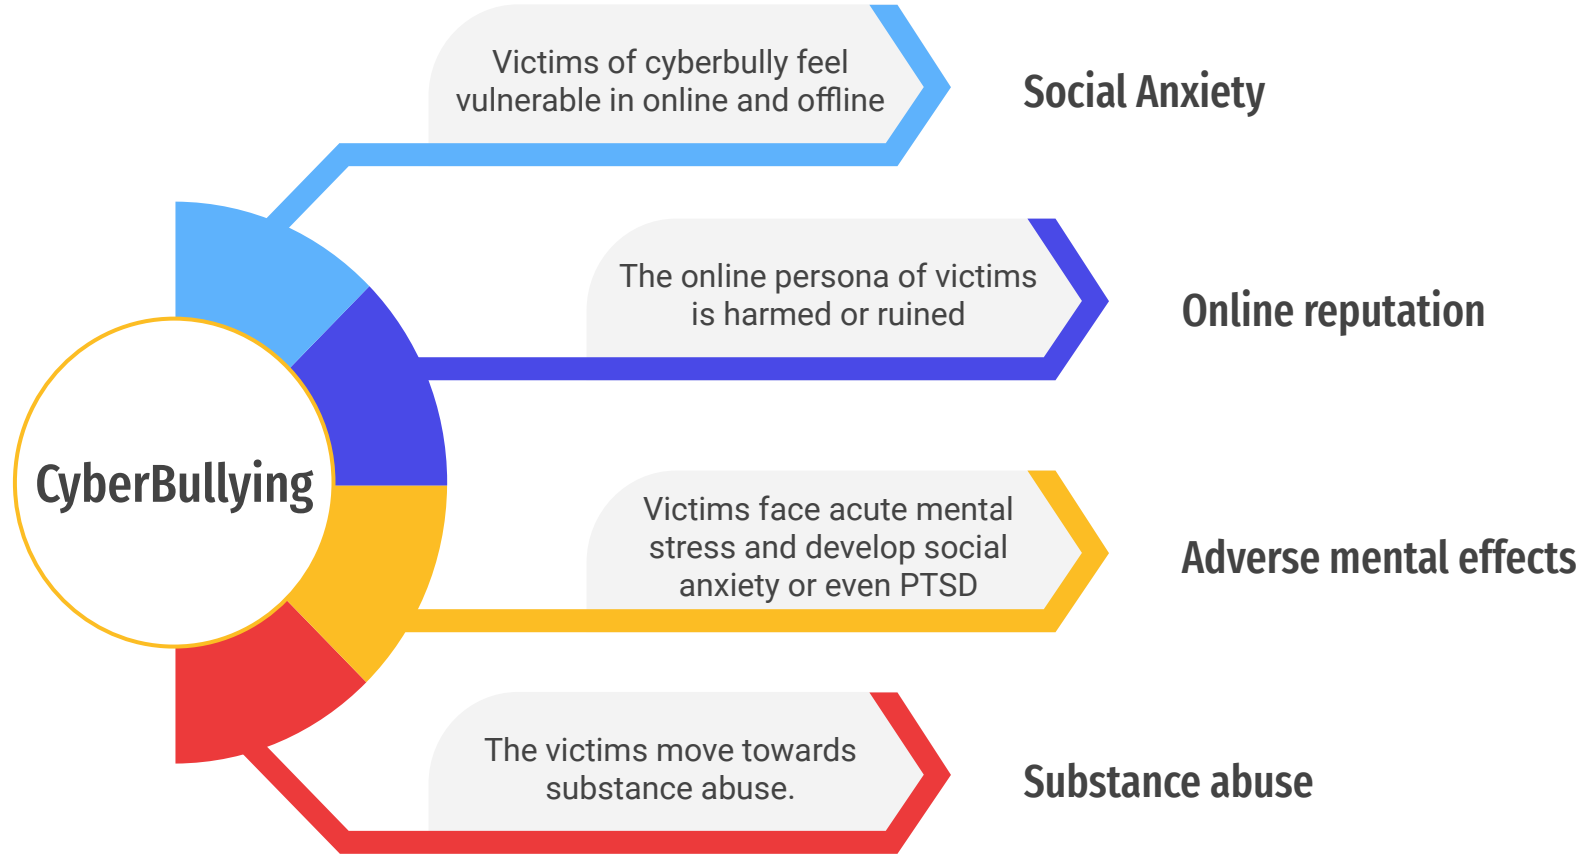

Cyberbullying is the use of electronic communications to harass, threaten, shame, or embarrass another person.

It can lead to illegal or criminal behavior and physical & mental harm.

Cyber Harassment occurs by:

- Offensive, threatening, or abusive messages, images, or videos.
- Sending obscene messages under a false identity.
- Falsely accusing or embarrassing someone online.

Problems

Solutions

Awareness

Raising awareness by organising
cyber harassment seminars online
and offline

Providing instructions on
combating cyberbullying along
with specialist consultations

Prevention

Promoting digital literacy in
security and the punishments for
cyber harassment as well

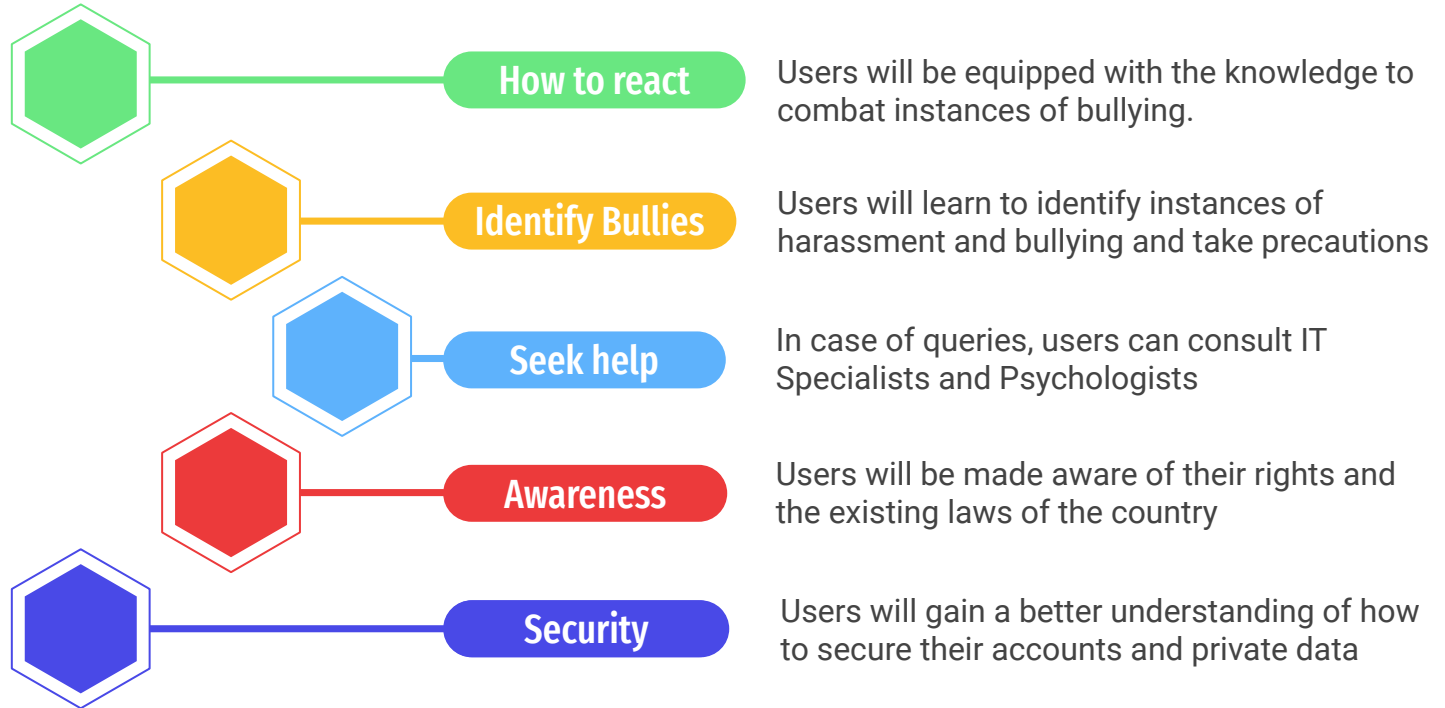

Action
